## May 9th 2025

Dear Families,

I have spent all week trying to work out what day it is. Whilst a long weekend is always lovely, it does feel very confusing for the rest of the week!

On Monday, Year 6 start their SATs. All of the team have been very impressed with their positive attitudes towards their learning and have no doubt they will make themselves and all of us very proud.

We had a wonderful time on Thursday celebrating VE day. Mrs Dale delivered an excellent assembly to all of the children explaining why we are celebrating 80 years of peace in our country. Have a look on Instagram to see more @nrjuniors

Have a lovely weekend and enjoy the sunshine.

Kind regards  
Mrs Cliff

### Our Curriculum

This week year 6 has been learning about South America<sup>USA</sup>. The children had to use their retrieval skills from year 5 to identify longitude and latitude on the map, plot the countries and their capital cities.

They have also been learning how to loop and remix music. The children had to use their skills of layering and creating textures in the music through a software called Chrome Lab Experiments. Have a look on Instagram to hear some of our up and coming DJs!

Year 3 have loved learning all about VE Day today. They have learnt about what life was like during World War 2 including some of the games children would have played. They have also looked at and discussed photographs from World War 2 and VE Day and have produced some fantastic work showing what they have learnt.
